NIBAV HOME ELEVATORS: AN UNHEARD STORY...

The chronicle of unprecedented excellence began with a sense of contemporary luxury to tune in with the times we live in. It was all initiated by incorporating maison of historical expertise and pioneering cutting-edge technologies to challenge entrenched players of the elevators industry. That's how **Nibav Home Elevators** came into existence- with a vision, **"Now Luxury In Every Home"**. Undoubtedly, it's a masterpiece drenched in magnificent minute details.

With its inception in 2019, Nibav Home Elevators marked the beginning of a legacy by drawing expertise from the art of restoration. Unveiling an out-of-the-box concept of 'pneumatic vacuum home lifts' along with aesthetics, safety parameters and unmatched performance. The mojo of Nibav Home Elevators kept on amplifying and is still counting with an exponential 750+ happy customers and its footprints worldwide.

Showcasing sophistication in every inch, Nibav Home Elevators are crafted in India promoting, the 'Make In India' drive without compromising over the safety aspects. Streamlining the ideology of residential home lifts, Nibav lifts are certified with the European Standards of safety, design and performance. The subsequent tweaks and modifications by the masters, Nibav ruled out the changes to squeeze out every ounce of perfection in the form of **Nibav Series II Signature** comprising of **Amazon Alexa integration**.

HOW 'NIBAV HOME ELEVATORS' IS EXCEPTIONAL?

In an ingenious expression of ultra-subtle micro details of Nibav Home Elevators, there is a lot more that makes it extraordinary. Innumerable features, aesthetics crafted out of elegance and performance beyond words: Nibav has all that every home craves. Some of these are:

- Absolute stand-alone shaft structure that needs no supporting wall.
- Free from pit excavation, a specific room for machines & headroom.
- Fascinatingly designed that promotes zero civil work at the residence.
- Astounding curved glass design offers a 360-degree panoramic view.
- Integration with Amazon Alexa for creating a smart home for smart people.
- In case of a power failure, the lift can lead the person to the nearest floor.
- Nibav has 4 layers of safety that support easy operations for children & elders.
- A spectacular green elevator that consumes zero energy during its descent.

WORLD'S SAFEST HOME ELEVATOR

Around the winding streets for carving the extraordinary from every inch, every minute detail made sure that it is safe for use. In order to ensure this, Nibav got certified by European Standards and TUV SUD, which is a third party that keeps a check on the safety aspects of mechanisms of the lifts.

Ranging from fascinating aesthetics, robust performance and of course, comfort, compact and opulence, Nibav has got everything needed!

HOW NIBAV EMERGED?

A startling fact that India ranked 3rd in the world of elevator accidents all across the globe was a major loophole that ignited the spark of evolution with a revolution! An in-depth probe, in this case, came up with a conclusion that said, lack of safety standards resulted in all this.

Henceforth, bringing sartorial allure in the domain of the elevators industry uncompromising with the safety standards and exquisite features was the core idea behind the emergence of Nibav Home Elevators. However, at the same time, it needed to be a widespread shake-up with the flexibility to manage a brand-new concept of 'pneumatic vacuum home lifts'. Thankfully, the craftsmanship and zest to bring about the change in the pre-existing circumstances, made the impossible, a possible experience.

Mrs. Rupa Maitra

"Initially, we were very doubtful if an elevator can be installed in such tight spacing but NIBAV made it possible its been six years now but the sleek design Easily still becomes the talk of my house."

Mr. Natraj Sankaran

"I love the fact that the whole elevator is designed to be eco-friendly, it just runs on a single-phase power supply consuming very minimal power that too only while ascending."

Mr. Jayanathan Reddy

"I recommend Nibav Lifts to everyone like me or everyone who is 50+ to enjoy an independent living."

Mr. Rajeev Rai

"The technical team was very good. They took the prior appointment, they knew their job and I think within just a few hours they made the lift up & running."

Mr. G.S. Vishwanath

"The biggest advantage of this lift is that it's Vaastu compliant. With no pit/no headroom, you can easily install it at any corner of the house, with next to zero civil work."

Mr. Anugraha Pattnaik

"It is very compatible, consumes single-phase power & can easily fit in our house. It is a good lift and is also 'Made in India', this is what made us choose Nibav."

Mrs. Vasundhara Rajeswara

"As we came to know that this lift doesn't require any shaft or pit, plus this lift consumes ZERO electricity while descending, majorly made us opt for this model."

Mr. Ganesan

"I got surprised to see the results! This lift is so compact, stylish & it doesn't feel like there is any change in my apartment. Perfect Option For People Residing In Apartments"
